

Walgreens Stocks LipoWear's SitRelief Shorts

Irvine, CA, Oct. 1, 2009. LipoWear announced the first Walgreens drug store will be stocking SitRelief Shorts for patients with lipoatrophy and sitting pain.

The Walgreens is located at 498 Castro St., San Francisco, CA 94114. Phone: 415-861-6276.

SitRelief Shorts are a clinically tested padded undergarment designed to provide sitting pain relief to patients who have lost the natural fat cushion in the buttocks which often results in significant sitting pain. This includes people with cancer, HIV/AIDS as well as seniors.

LipoWear cofounder, Joann Reina, stated "We are pleased to be doing business with our first Walgreens. They have recognized the needs of several patient populations including HIV who did not previously have a discreet sitting pain solution. SitRelief Shorts fills that need. Walgreens has made a substantial commitment to serving HIV & AIDS patients and we appreciate the opportunity to work with them in this important community of patients."

About LipoWear

LipoWear, LLC, develops therapeutic clothing products for selected patient populations, including seniors, cancer and HIV which address specific debilitating problems common to these patient populations. Company founders include Terry Delonas, Joann Reina and Joe Bollert, PhD.
